BENEFITS TO YOUR BUSINESS

Organisations choosing to have their premises cleaned by D J Yeates will benefit threefold:

Better Cleaning Results: 100% Pure Water made by the system produces cleaning results that are second to none. The absence of detergent means no sticky residues are left behind. Therefore windows do not soil as quickly; windows stay cleaner... longer!

Simply the Safest way: The Health & Safety legislation does not hamper its use in any way. Ladders and high access equipment can be eliminated, reducing costs whilst ensuring safety and greatly reducing risk. Enjoy the assurance that comes from knowing that some accidents simply can't happen!

Environmentally Sound: No detergents and chemicals helps your business to operate freely and in compliance with EU regulations.

HOT WATER ULTRA PURE HEATED WATER MAXIMUM CLEANING POWER NO ADDED COST

The use of Hot water allows us to offer you a year round service

Most importantly, hot water cuts through dirt much faster than cold.

We all know that using hot water for cleaning produces better results. Heated ultra pure water is less dense and so absorbs dirt more readily and dries more quickly to an incredible finish.

Hot Water shifts even the most stubborn residues. Great in Winter but equally useful in Summer when cold water would turn to steam on sunbaked glazing.

WE OFFER HOT WATER CLEANING AT NO ADDED COST

CARPETS CARPET CLEANING & INTERNAL WINDOW SURFACES

David Yeates Contract Cleaning offer a broad and comprehensive range of Commercial, Industrial and Domestic cleaning solutions.

With our Industrial grade carpet cleaner we can remove any worn in soiling from virtually any flooring surface. Contact us to find out how we can offer you a complete cleaning service at a great rate.

Careful Interior Window Cleaning

We use the advanced Dragonfly Internal window cleaning system to ensure that the inside is just as clean and presentable at the exterior surface.

Internal windows can also be cleaned with the traditional squeegee method

We can clean your interior windows with minimal fuss or disruption to your premises and the use of pure water ensures a spotless finish and streak free shine.
